Municipal Resource Guide

MARCH 2016

The Delaware Valley Regional Planning Commission is dedicated to uniting the region's elected officials, planning professionals, and the public with a common vision of making a great region even greater. Shaping the way we live, work, and play, DVRPC builds consensus on improving transportation, promoting smart growth, protecting the environment, and enhancing the economy.

We serve a diverse region of nine counties: Bucks, Chester, Delaware, Montgomery, and Philadelphia in Pennsylvania; and Burlington, Camden, Gloucester, and Mercer in New Jersey. DVRPC is the federally designated Metropolitan Planning Organization for the Greater Philadelphia Region — leading the way to a better future.

The symbol in our logo is adapted from the official DVRPC seal and is designed as a stylized image of the Delaware Valley. The outer ring symbolizes the region as a whole while the diagonal bar signifies the Delaware River. The two adjoining crescents represent the Commonwealth of Pennsylvania and the State of New Jersey.

DVRPC is funded by a variety of funding sources including federal grants from the U.S. Department of Transportation's Federal Highway Administration (FHWA) and Federal Transit Administration (FTA), the Pennsylvania and New Jersey departments of transportation, as well as by DVRPC's state and local member governments. The authors, however, are solely responsible for the findings and conclusions herein, which may not represent the official views or policies of the funding agencies.

The Delaware Valley Regional Planning Commission (DVRPC) fully complies with Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, Executive Order 12898 on Environmental Justice, and related nondiscrimination statutes and regulations in all programs and activities. DVRPC's website, www.dvrpc.org, may be translated into multiple languages. Publications and other public documents can be made available in alternative languages and formats, if requested. DVRPC public meetings are always held in ADA-accessible facilities and in transit-accessible locations when possible. Auxiliary services can be provided to individuals who submit a request at least seven days prior to a meeting. Requests made within seven days will be accommodated to the greatest extent possible. Any person who believes they have been aggrieved by an unlawful discriminatory practice by DVRPC under Title VI has a right to file a formal complaint. Any such complaint may be in writing and filed with DVRPC's Title VI Compliance Manager and/or the appropriate state or federal agency within 180 days of the alleged discriminatory occurrence. For more information on DVRPC's Title VI program, or to obtain a Title VI Complaint Form, please call (215) 592-1800 or email public_affairs@dvrpc.org.

Introduction

This guide is intended to assist local and county governments, community groups, and non-profit organizations in the Delaware Valley region in identifying federal, state, regional, county, and private sources of funding for locally initiated planning and development projects. The programs cover topical areas of disaster and pollution mitigation, energy conservation, historic preservation, housing, infrastructure, infill and brownfields, open space and recreation, smart growth and community revitalization, transportation, and additional programs, and private resources.

Within this guide are a wide variety of sources that include grants, loans, tax credits, loan guarantees, municipal assistance, and reimbursement programs. To help locate a program of interest, the programs are listed alphabetically and cross-referenced by funding agency. Each program has information such as the organization administering the program, the terms, deadline, eligibility, and contact information.

In addition to acting as a resource for the Delaware Valley Regional Planning Commission's (DVRPC's) member governments, this guide also may be used as a resource for possible grant programs used to match DVRPC's Transportation and Community Development Initiative Grant Program. Please visit <http://www.dvrpc.org/tcdi> to view eligible matching programs.

For interest in particular programs, please contact the organizations listed directly, as some of the eligibility information may change. Questions about this guide can be directed to DVRPC at 215-238-2876. This guide is also searchable by state and county at <http://www.dvrpc.org/asp/MCDResource>.
